The sale for drills is good this fall. C. H. Davidson has sold four already and expects to sell as many more.

The preparations for the Camp Fire and Reunion Saturday Oct. 9th, are going on steadily. We have word that the Pikeville Post will send a good delegation. Some ex-soldiers from Bridgeport, Ala., and the lower end of the Valley will come, and also a strong delegation from the lower end of the County. Any contributions of food, &c., for the entertainment of visitors may be sent to the News office to Comrade Watley, Chairman entertainment committee.

Owing to overcrowding and bad ventilation, the air of the schoolroom is often close and impure, and teachers and pupils frequently suffer from lung and throat troubles. To all such we would say, try Chamberlain's Cough Remedy. For coughs, colds, weak lungs and bronchial troubles no other remedy can compare with it. Says A. C. Reed, Superintendent of Schools, Prairie Depot, Ohio: "Having some knowledge of the efficacy of Chamberlain's Cough Remedy, I have no hesitation in recommending it to all who suffer from coughs, lung troubles, etc."—For sale by C. H. Davidson. Sept.

M. E. Walker, of Jasper, is going to set out a vineyard at Jasper back of the Blue Spring.

Mrs. Dallas Dixon at last accounts was about in the same condition but not gaining as fast as could be desired.

We appreciate very much some fine cabbage and tomatoes from the hands of Mr. Harve Carnes this week.

Austin Coppinger has about completed the shingling of his barn and has also harvested 80 bushels of whip-poor-will peas.

Visiting the Coppinger settlement Monday we found everybody at work harvesting. Jess Coppinger is preparing to make sorghum.

In spite of the dry weather Austin Coppinger's cabbages look better than any we have seen this fall, all owing to good deep soil.

Mr. James Campbell was down from the Mountain Monday. He says the crops and everything is suffering for want of rain.

Advices from the coal opening are very encouraging and Mr. Fuhs will keep on until he gets a good face on the coal, which now shows up well.

Rev. Jacob Houts reports great interest in the meetings he has been holding at Havron's Chapel and the end is not yet as the meeting is still on.

In view of the reports of the behavior of some of our citizens lately we suggest a study of the 9th and 10th verses 6th chap. 1st Corinthians would or should be beneficial to them.

Prevention is better than cure. Keep your blood pure, your appetite good and your digestion perfect by taking Hood's Sarsaparilla.

Hood's Pills act harmoniously with Hood's Sarsaparilla, gentle, efficient.

C. C. Houts, Jr., moved into town Saturday and will reside near Mr. J. R. Houts. It looks now as though the southwestern portion of the town may lay claim to the name of Houtsville, which is all right, as they are good citizens.

All you guess about difficulty in selling Stark Trees may be wrong. If you wish to know the truth drop postal to Stark Nursery, Louisiana, Mo., or Rockport, Illinois. Name references. Cash pay to salesmen each week the year round. Outfit free—takes no money to TRY the work. Also want CLUB MAKERS—get their trees free.

We were glad to see so good a turnout of the people at the Box Supper at the school house Saturday evening. The donations of boxes was liberal and all were disposed of. W. S. Pryor officiated as auctioneer and a respectable sum was realized.

"My boy came home from school one day with his hand badly lacerated and bleeding," says Mr. E. J. Schall, with Meyer Bros' Drug Co., St. Louis, Mo. "I dressed the wound and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds sprains, swellings and rheumatism I know of no medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by C. H. Davidson. Sept.

Owing to the difficulty of obtaining players and transportation, the base ball team did not go to Whitwell on Saturday last. They will play the Caroline Chapel nine next Saturday.

The numerous sales of drills and orders for fertilizer in this section means a larger amount of farming operations for 1898. The dry weather has kept back the plowing but unless all signs fail, rains will come soon and then work will begin in earnest.

By the enterprise of Geo. W. Brewer, of Jasper, our people were supplied with fresh meat on Saturday. Mr. Brewer will come every week if the people will patronize him and any orders for meat may be left at this office will be duly forwarded and promptly delivered.

We are always ready to report anything in relation to functions in connection with the public schools and we hear that at the several Institutes held, appointments are made to report proceedings for the various papers. Whoever is assigned for the News signally fails in their duty as we have not had any reports and professional educators ought to be able to report their meetings.

Our friends have been good to us this week and we received from Col. S. H. Melcher a copy of the Chicago Times-Herald, 44 pages; from our Newark friend, the N. Y. Journal, 60 pages; from Mr. W. L. WASHINGTON LETTER.

Washington, D. C., Sept. 24.—

There will be no trouble with Spain unless it be deliberately brought on by the Spanish government," said a prominent member of the administration while discussing the cock and bull story about an ultimatum having been sent to Spain by this government, which came via Paris. Continuing this gentleman said: "As a matter of fact the instructions given to minister Woodford a copy of which he doubtless left with the Duke of Tetuan when he was reported to have delivered an ultimatum to him, were entirely mild and conciliatory in character and there could be no real reason for Spain to take offence at them." The trouble about that ultimatum story is that it was altogether too premature. The McKinley Cuban policy to first try persuasion and peaceable methods of bringing about peace with Cuba with the consent and assistance of Spain, but if those methods do not accomplish that purpose there isn't the slightest doubt of his intention to use stronger methods, even to the extent of force, if necessary. The war in Cuba is depriving the United States of a trade of more than \$50,000,000 a year, and it has got to be stopped either with or without the consent of Spain. This isn't jingoism, it is merely meeting the demands of business men who wish to trade, not to fight. Secretary Sherman says there is not a word of truth in the ultimatum story.

It has been very persistently stated in Washington for some time that neither Senator Hannah nor the administration wished Secretary Sherman to make speeches during the present Ohio campaign. As Secretary Sherman has until this week said that he intended to go to Ohio and take part in the campaign not much attention has been paid to the statements alleging that Senator Hannah and President McKinley did not wish him to do so. But those statements have been recalled by an intimation from Secretary Sherman that he will probably not go to Ohio during the campaign. The reason he gives is that his services are not needed there by his party and that it would inconvenience him to go, because his house at Mansfield is rented out.

The committee authorized by the Indianapolis Monetary Convention of last January to give Congress pointers in financial legislation met in Washington this week and organized itself into a monetary commission, established headquarters, and will probably continue in session until Congress meets. The only two members of this commission who are widely known in the political world are ex-Senator Edmonds, who is chairman and Ex-Secretary Fairchild. Inasmuch as Congress failed to authorize a monetary commission, although it was recommended by President McKinley, some people regard it as presumption to establish one on their own responsibility, and the prediction is very freely made that Congress will ignore any recommendations it may make. While it is not possible to say in advance what recommendations this commission will make to Congress, it is generally believed

that one of its recommendations will be legislation to provide for the retirement of greenbacks. The silver men say, and doubtless it is true, that this commission was formed to fight silver in any and every form.

Victoria.

Dr. Frater left for New Orleans Monday.

Dr. Gott attended the entertainment here Saturday night.

Wanted: an instrument to test the opacity of J. B. Womack's monorache.

Just hear what Mr. Turner has to say about the Centennial. It's glowing and eloquent.

Miss Annie Rogers, of Whitwell, was visiting friends and relatives here Saturday last.

John Westmoreland and Clarence Blythe, of Dunlap, were the guests of Mr. Brophy Sunday.

Miss Etta Cannon has returned from an extended visit to friends and relatives at Sulphur Springs.

It would take an artist of superior skill to depict the comic looks of Mr. Anderson last Saturday night.

Would like to know why the correspondent from Caroline Chapel don't give the news from Pittsburg.

Mr. L. A. Deakins was summoned to the bedside of his mother Saturday morning, who is dangerously ill.

Mr. and Mrs. John Knight left last Monday for upper East Tennessee where they will make their future home.

Why all this wailing of flesh and gnashing of teeth? says the preacher. Why all this sheep killing and cake baking? say the citizens of our town.

Mr. E. B. Anderson and Miss Laura Turner took a seven mile lark on horseback last Sunday afternoon. The grace with which Mr. Anderson manages a horse shows him to be an equestrian of rare skill.

Kennedy Bros. assisted by Prof. Anderson gave an entertainment at the new school house last Saturday night. The entertainment consisted of music interspersed by the renowned Joe and Kate and it was the rare treat of the season, as Mage Austin said.
